

# GWCS GRADUATION MEMORY BOARDS 2022

**What is a Senior Memory Board?** Memory Boards are an awesome tradition started at GWCS many years ago. Each senior creates a foam board covered with photos and memorabilia about your subject: YOURSELF!!! It can have recent photos of you or your friends or your family, or cute baby pics, or anything you've saved (that can be glued to a foam board) that reflects your interests and accomplishments leading up to and including GWCS and maybe your plans for after high school.

**What you need:** One flat 30" x 40" foam board (available at GWCS), photos, keepsakes, and memorabilia from your life so far, art supplies (stickers, stenciling stuff, glue, glitter ...). Be creative! Make sure everything is glued well so that photos don't get lost while being transported. Note: This year the Memory Boards will be **hung on walls** instead of being set up on tables. Make sure your design can lay flat!

**Who creates this Memory Board?** That is up to you. Many families create it as a gift for their senior and the final product is a surprise at graduation. Some seniors want to create it themselves to make sure it includes things that are important to them. And other seniors do it together with their parents and enjoy hearing the stories behind the childhood photos as they work.

**Due Date:** Bring memory boards to school NLT the **Wednesday, May 25, 2022**. Place it in Ms. N-O's office. Memory Boards will be on display in the hallway for the final weeks of school and for graduation day. It's very important that we have all Memory Boards at school by **Wednesday, May 25<sup>th</sup>** so that the graduation volunteers will have what they need to hang them in the hallway. We have had 100% participation every year!

## SAMPLE MEMORY BOARDS FROM YEARS GONE BY...

Samples shown below are on trifold boards – different from what we're doing this year.
